3rd November 2020

Dear Jenny

This letter is to whole heartedly thank you and your team for the work you did over the half term break in respect of the contact tracing.

Thanks to the efforts of you and your colleagues we have been able to continue to break the pattern of transmission of the virus across Stockport. I know that this was at times difficult for you to manage, juggling the demands of the contact tracing with your personal commitments. I want to both recognise this and to thank you for your professionalism and the care you took of our community.

Please pass on my thanks to any members of your team who were involved in the process during the holiday. It is very much appreciated.

Best wishes

A handwritten signature in black ink that reads "Chris McLoughlin".

Chris McLoughlin
Director of Children's Services
